“Salaried temporary public works” (hereinafter referred to as “salaried activities”) means an employment measure for the unemployed in the maintenance of employment skills and the development of social skills in temporary jobs created by the local government which are designed without the intention of making a profit. There is no need for special qualifications to perform temporary work. The unemployed person receives a monthly remuneration of EUR 250,00 for carrying out temporary public employment.

An unemployed person registered in the State Employment Agency may participate in the measure,

- do not receive unemployment benefits;
- wants to acquire or maintain working skills;
- provide an interoperable Covid-19 certificate or an opinion on the need to postpone a person's vaccination against Covid 19.

The duration of engagement is 4 months over a period of 12 months (from 01.01.2022).

The unemployed person may also be re-involved in the measure.

Involvement IN THE EVENT of registration of applications for unemployed persons or in accordance with the criteria laid down in the local government's binding rules, according to which the unemployed are involved in the measure.
